

REMARKS/ARGUMENTS

Claims 1-2, 4-9 and 18-30 are pending. By this Reply, claims 18 and 19 are amended, and new claims 27-30 are added.

As previously indicated in the Reply filed October 9, 2007, claim 1 was amended to incorporate the subject matter of claim 3, which was indicated as allowable. In the October 9 Reply, claim 18 and 19 were amended. By this Reply, claim 18 and 19 are rewritten to their original form. Hence, claims 18-22 and 26 are allowable with claims 1-2 and 4-9, and original claims 23-25.

New claims 27-30 are now added. These claims define allowable subject matter since none of the references discloses or teaches “the DVD device having a DVD system circuitry and a second processor to control the DVD system circuitry, the DVD device is configured to convert the analog signal from the VCR device to a digital signal, and the DVD device is configured to output the converted digital signal and the first OSD data,” and the combination thereof, as recited in claim 27.

CONCLUSION

In view of the foregoing amendments and remarks, it is respectfully submitted that the application is in condition for allowance. Favorable consideration and prompt allowance are earnestly solicited.
